

# Grade 3 Music

Thirty-six perforated worksheets in *Beginning in Music Three* prepare the pupils for *Growing in Music, Book One* (Grades 4 and 5). Note shapes, note values, and rests are reviewed. Various musical terms such as the scale, the staff, lines, spaces, and measures are taught in a simple manner. The last nine lessons introduce accidentals.

Worksheets 6, 12, 19, 25, and 36 are tests.

The teacher's guide is included with the pupil workbook. The third grade teacher is encouraged to spend considerable time in developing the students' singing abilities. Methods include musical ideas, scale drill, and individual singing of the scale.
