

## Chapter Six Rhythm 61

Each quarter note gets one pulse.

Each half note gets two pulses.

Each whole note gets four pulses.

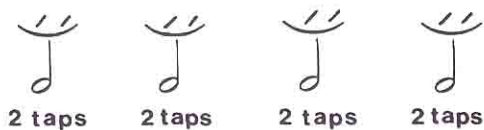

Figure 39

Pulses can be shown by some motion such as tapping your finger or an eraser on the desk. Each tap is the same as a pulse.

Each quarter note gets one tap.

Each half note gets two taps.

Each whole note gets four taps.

How many taps would each of the following notes get?
