B. Using Your Words

Fill in the blanks with spelling words from the first column.

Pottery making was important work in Bible times. To make a vessel, a potter first steps on some clay until it is just right for molding. Next, he will (1) raise the pile of (2) clay onto a wooden wheel. This wheel has an axle that (3) reaches down to a lower wooden wheel. The potter makes the top wheel spin by turning the (4) heavy bottom wheel with his foot. He uses his hands to shape the vessel. Sometimes the potter will make the vessel more attractive by (5) painting a design on it.
